TO WHOMSOEVER IT MAY CONCERN

While working with Indo Rama Renewables Ltd. as a Head Projects, we had placed orders with M/s Ramakrishna Iron Works Pvt. Ltd, 26 Gobind Mahal, Marine Drive, Mumbai - 400 001 for supply, erection and commissioning of 4 number masts in October 2012 (along with all sensors) of 120 metre height for wind data monitoring in the states of Rajasthan (Taluk Ramgarh, Distt Jaisalmer) and Gujarat (Taluk Mahuva, Distt Bhavnagar)

These masts were commissioned successfully within the agreed time frame, and all sensors were working fine till my last day with the organization.

With this letter, I commend the efforts of M/s Ramakrishna for undertaking this tough task successfully.
