To Whom It May Concern

This is to inform that "Ramakrishna Iron Works Pvt. Ltd." has supplied us 14 numbers of 100m & 06 numbers of 120m lattice met towers along with complete instrumentation in the last one year. They have also undertaken the entire civil and erection work assignments for all the masts. The supplier has completed all the work within the scheduled timelines and the quality of work has been excellent. Our experience with the vendor has been very satisfactory and we have not faced any issues related with quality of work or conduct of the vendor.
